

Beth Schulz has been an avid lover of music all her life. She plays the piano, flute and sings. Beth is a Green Bay native, graduating from Preble High School. After obtaining her Master's Degree in Speech Language Pathology (with a minor in music), Beth started her 26-year career as a speech language therapist in the public schools. During this time, Beth devoted much time to sharing her musical skills with Solo and Ensemble students as piano accompanist. She performed with rock 'n roll dance bands in the 1990's playing for weddings and social gatherings. Beth also played in pit bands for various high school musicals. After taking early retirement from the Public Schools, Beth decided to pursue her career in music. She enrolled in the music program at UWGB, with a piano focus. She studied four years under the direction of concert pianist Dr. Michael Rector. She graduated in 2018 and has been teaching piano students of all ages for the past four years. When opportunity presents, she still performs with ensembles, show choirs and college students. Beth is excited to be a part of the Holy Family Conservatory of Music this Fall.
