

Hello my name is Lisa Van Sickle. I am a Manitowoc native and I have been playing flute for over 25 years, 7 of which included private instruction. I play in several local groups, including the Lakeshore Wind Ensemble and the Manitowoc Marine Band. My husband, Corey, is a band teacher and we have two children, Lillian and David. My favorite part of music is how musicians can convey such a varying array of emotions and images through music.
